## ACKNOWLEDGEMENT

First of all, I would like to express my sincere gratitude to Dr. R. Mohanraju, Professor and Head, Dept. of Ocean Studies and Marine Biology, Pondicherry University for guiding me through my work and giving valuable constructive suggestions during the planning and development of this work.

I am highly grateful to Marine Biological Association of India, for providing me with this opportunity to work on a project funded by the Dr. E. G. Silas Small Grant Programme, without which I would not have been able to carry out this project.

I owe my sincere thanks to all the Professors of Department of Ocean studies and Marine Biology, Pondicherry University, Brookshabad for their continuous support and help. They provided all their endless support and encouragement during my entire work. Their constant support made this whole project fruitful.

A special mention to Ph.D. Scholars Samson R., Shibin E., Yazad R. Patel, and Soumyadeep Rahul, Pondicherry University, for helping me in my work.

Finally, I wish to thank my family for their constant support and encouragement throughout my course.
