DECLARATION

I declare that the project titled “**BIOREMEDIATION OF A WIDESPREAD UV FILTER, OXYBENZONE IN WASTE WATER TREATMENT PLANTS (WWTPs) USING A COMBINATION OF THE DUCKWEED *Lemna minor* AND BIOCHAR-BASED SYSTEM**” funded under MBI – India’s Small Grant Programme is my own work. This project report and data therein has not been submitted in any other Organisation, Institute and University whatsoever.

ACKNOWLEDGEMENT

Gratitude becomes just a word at the end, but there is no better way to thank those souls who dedicated their valuable time for me. Numerous people are behind the successful submission of this dissertation work. First and foremost, I thank **God** for giving me this platform and the knowledge and strength to take righteous decisions, stand by them and accomplish them. My heart is filled with gratitude towards my **Bhosale Aajoba, Grandmothers, Mummy, Papa, Didi and Dada**, for my upbringing and their immense love and support and for standing behind me in all my decisions.

I immensely thank **Dr. C. N. Ravishankar, Director, ICAR-CIFE**, for providing the necessary infrastructure facilities and for his prompt help and support at times. My sincere thanks to the ICAR for funding the research work.

I also thank **Dr. K. V. Rajendran, HOD, Aquatic Environment and Health Management Division**, who has always supported and encouraged us and provided us with the necessary facilities.

I express my wholehearted gratitude to my major advisor, **Dr. Vidya Shree Bharti**, who has mentored me and taken extra efforts to provide me with the essentialities of this research. Her continuous support in all forms of this work helped me defend all encountered challenges successfully. Her timely action has helped me move forward a lot. I also thank her for regular critiquing and strict draft revisions that have helped mold this dissertation into its present form.

I am grateful to all the advisory committee members, **Dr. S. P. Shukla, Dr. Kundan Kumar**, and **Dr. Rathi Bhuvaneshwari G.**, for their timely guidance. I especially acknowledge the interest of all advisory members in this work that helped properly design this experiment.

My profound gratitude to the division scientist **Dr. Saurav Kumar** and **Dr. Kapil Sukhdhane**, Scientist, AQC division for their personal attention and for being available for any help needed during the work.

I am beholden to the **Marine Biological Association of India, Cochin** for granting me a research grant under the prestigious E. G. Silas Small Grants Programme, 2021. The grant has been extremely useful for my research work.

Nextly, I thank **Adarsh Scientific Research Center and Testing Lab** at New Panvel and **Sophisticated Analytical Instrumentation Facility, IIT Bombay** for the appropriate and timely analysis of the outsourced samples.

I am extremely gratified for getting very knowledgeable and supportive teachers from COF, Ratnagiri- **Dr. Milind Sawant** and **Dr. Mangesh Shirdhankar** for always guiding and believing in me in my ups and downs.

I am indebted to the technical and non-technical staff of the division- **Mr. Umesh, Mr. Mahendra, Mr. Chandrakant, Mr. Akhil, Mr. Rajesh** and **Mr. Prashant** who have helped a lot for making this research a success.

A few people come last in the hierarchy, but they are irreplaceable. I thank **Mr. Sagar Vitthal Shinde** and **Mr. Sagar Kisan Shinde** for their materialistic and emotional support and encouragement at all times. Thank you for being my family here and taking care of me; this dissertation would have been impossible without both of you.

I thank all my **maternal relatives, especially my maternal Grandmother, cousins, especially Sonu didi, and Kishor kaka** for believing in me, supporting me and encouraging me always.

Words are too few to thank the support and love of the **AEHM family**. I have been gifted with extremely loving seniors- **Aswathy Ma'am** who has always been there to sort out all of my research-related ambiguities and for being my confidant. Thank you for spending a really good time with me and comforting me. Your dedication and incessant efforts, inspite of the hardships faced, continue to inspire and motivate me to work dedicatedly. I also thank **Sachin Sir** for helping me and supporting me with his kind words and actions always. I express my gratitude towards **Brahmachari Sir, Baleswar Sir, Tapas Sir, Milind Sir, Vijay Sir, Priya Ma'am, Akankshya Ma'am, Chandana Ma'am, Arpit Sir, Debiprasad Sir, Amal Sir** and **Tao Sir**. Special thanks to **Bhautik** for helping me and guiding me at every step and for his generosity throughout my Masters.

I am also ingeniously grateful to my lovely friends **Bhavna, Chang, Abhirami, Shilpa, Shamily, Ganesh, Pritam, Maharshi, Rowdy, Samad, Prakash** and **Ravi** who made my life in CIFE extremely memorable.

I heartily thank my dear juniors- **Swaraj, Pooja, Akshaya, Rishika, Vipul, Nagendra, Anju** and **Dharini** for being so kind and helping me for my lab work at times. Conducting your practical classes was really fun.

I thank my junior college friends **Denim, Snehal** and **Rohini** for always being with me through all the thicks and thins of my journey.

I am indebted to my seniors and friends from other departments- **Nikesh Sir, Sai, Sahana didi, Sandhiya, Sharath, Suguna, Payel, Tanushree, Itishree, Omkar, Suryateja** for readily helping with any minor or major works.

I also thank my Maharashtra family here at CIFE- **Sagar Sir, Shyam Sir, Darshan, Akshaya, Shubham, Sneha, Prachi, Akshata, Ciba** and **Ashu**.

My seniors and batchmates from COF, Ratnagiri- **Swaroop, Ankita Tai, Sagar dada, Sai** and **Ranveer** also deserve a thank you from my side.

I also thank the **security guards of CIFE old campus** for their kind gesture and service and for being protective during my late-night lab works.

I thank all my **seniors, batchmates, and juniors** who have been keen on my welfare and well-being wherever I was. Finally, I thank everybody who contributed directly or indirectly to this work.
